CONTENTS

No. 1 JUNE

PAGE

Comparison of isolation methods of *Erysipelothrix rhusiopathiae* from arthritic pig joints. P. J. Blackall and P. M. Summers 1

Commodity treatment against infestations of the cucumber fly, *Dacus* (*Austrodacus*) *cucumis* French, in cucumbers. G. Swaine, R. J. Corcoran and Marguerite Davey .. 5

Effect of fertilizer nitrogen on yield, nitrogen content and animal productivity of *Brachiaria decumbens* cv. Basilisk on the wet tropical coast of North Queensland. W. A. T. Harding and B. Grof 11

Effect of temperature on the development of larvae and pupae of the corn earworm, *Heliothis armigera* (Hubner) (Lepidoptera:Noctuidae). P. H. Twine 23

Methyl bromide fumigation for eliminating macadamia felted coccid (*Eriococcus ironsidei* Williams) from propagating material. D. A. Ironside, G. Swaine and R. J. Corcoran 29

Numerical analysis of taxonomic and parent–progeny relationships among Australian selections of *Panicum coloratum*. D. L. Lloyd and J. P. Thompson 35

Control of *Heliothis armigera* (Hubner) and *Phthorimaea operculella* (Zeller) in tomatoes in south-eastern Queensland 1971–1975. D. Smith 47

Early growth of Makarikari and Rhodes grasses in different nitrogen and water regimes. D. L. Lloyd 53

Effect of pod removal on flower production in french bean (*Phaseolus vulgaris*). J. F. Gage 63

Studies of Macropodidae in Queensland. 9. Reproduction of the rufous rat-kangaroo (*Aepyprymnus rufescens* (Gray)) in captivity with age estimation of pouch young. P. M. Johnson 69

No. 2 DECEMBER

Distributions of *Heliothis* spp. (Lepidoptera:Noctuidae) eggs and first instar larvae on pre-flowering, flue-cured tobacco plants in north Queensland. By R. H. Broadley 73

Copper deficiency in pineapples. By K. R. Jorgensen 77

Evaluating long term control of *Amnemus superciliaris* (Pascoe) with pre-sowing insecticidal treatments in desmodium pastures. By D. Smith 83

Fumigation of *Contarinia sorghicola* (Coq.) diapausing larvae. By T. Passlow and K. J. Giesmann 89

Key to the larvae of the common species of armyworms, cutworms and budworms found in Queensland. By E. H. Brown and B. K. Cantrell 91

Yield response of selected Mexican and Australian wheat cultivars to manipulations of the assimilate supply and grain number. By D. R. Woodruff and R. P. Mawhood 95

Effect of oil additives to a fertilizer mixture on tobacco crop performance. By P. E. Tonello and J. von Nordheim 101

Influence of five watering frequencies regulated by trickle irrigation, on the growth and cropping of apple trees in Queensland. By K. R. Chapman and P. Crew .. 105

Inexpensive, self-contained facility for radiation frost studies of crop or pasture plants. By D. A. Ivory 121

Insecticidal control of lucerne jassids in south-east Queensland. By G. K. Waite 133

Population studies of the citrus mealybug, *Planococcus citri* (Risso), and its natural enemies on passion-fruit in south-eastern Queensland. By D. A. H. Murray 139

Effect of fruit fly sprays on the abundance of the citrus mealybug, *Planococcus citri* (Risso), and its predator, *Cryptolaemus montrouzieri* Mulsant, on passion-fruit in south-eastern Queensland. By D. A. H. Murray 143

Effect of honeybee activity on the pollination of sunflowers. By B. J. Radford and J. W. Rhodes 149

Effect of honeybee activity on the cross-pollination of male-sterile sunflowers. By B. J. Radford and J. W. Rhodes 153

Effect of mid-season draining on paddy rice in the Lower Burdekin Valley. By J. E. Barnes and R. E. Reid 159
